Mumbai University

LANGUAGE

English | Hindi | Marathi

ABOUT ME

As a Frontend and Backend Developer, I specialize in web development, demonstrating proficiency in both client-side and server-side technologies. Ready to contribute expertise to a dynamic team or organization and make a positive impact in web development

PROJECTS

PETAL & PUP

Petal & Pup is an e-commerce site for women's clothing.
I utilized React with Redux Toolkit for the frontend, backed by Node.js.
Tailwind CSS, Material-UI, and React Bootstrap were seamlessly integrated to enhance the site's design and functionality.
The site also features secure Stripe payment integration for seamless transactions.
https://github.com/PriyankaaPatil12/E-Commerence-Project

ADMIN DASHBOARD

In Petal & Pup's admin dashboard, I used React with Redux for seamless state management and Node.js .
The dashboard enables administrators to effortlessly add, update, and delete categories, subcategories, and products, streamlining the management of orders.
https://github.com/PriyankaaPatil12/E-Commerence-Project/tree/main/admindashboard

CRAVE ORDERING

Developed "Crave Ordering," an online pizza ordering website. Utilized a tech stack including React with Material-UI and Tailwind CSS for the frontend.
Employed Node.js and MongoDB for the backend.
Integrated Stripe for secure online card payments.

SULFUR

Designed "Sulfur," a static website, created using only HTML and CSS
Emphasizes clean design and user-friendly layout
https://github.com/PriyankaaPatil12/HTMLCSS

ELITE SHOP

Created 'Elite Shop,' a static shopping website. Developed using HTML, CSS, and Bootstrap.
Emphasizes clean and responsive design
